

Sungjae Park

sungjae1357@kyonggi.ac.kr | [Personal Website](#)

RESEARCH INTERESTS	<i>Autonomous Driving Perception</i> (3D object detection and tracking, multi-sensor fusion, localization and mapping, lane and drivable-area detection) <i>Decision Making and Motion Planning</i> (behavior planning, trajectory planning, vehicle control) <i>Validation of Autonomous Driving Systems</i> (simulation- and vehicle-based performance evaluation, scenario-based testing) <i>Integrating Rule-based and AI-based approaches for reliable autonomous driving</i>		
EDUCATION	Kyonggi University , Korea <i>Bachelor of Science</i> Major: Artificial Intelligence(CGPA: 4.12/4.5)	Mar 2022 - Parent(expected Feb 2028) (Military Service: 2023 - 2024)	
PUBLICATIONS	<u>SungJae Park</u> , Taehoon Kim, Sehoon Lee, Junho Ahn [†] . 3D LiDAR-based Indoor Space Modeling and Denoising Strategies . Journal of Korean Association for Data Science (JKADS), Vol. 2, No. 1, pp. 23–33. 2026. JongHan Lee, <u>SungJae Park</u> , ChaeEun Lee, AHyun Kwon, MinJae Kim, Hyun-Seok Shin, YeonWoo Hwang, WangDeok Seo [†] . Privacy-Preserving LLM-Based Real-Time Employment Contract Analysis and Guidance System . Proceedings of the Korean Institute of Information Technology (KIIT) Summer Conference, pp. 1290–1294. 2026.		
RESEARCH EXPERIENCE	AI Vision Lab , Kyonggi University <i>Undergraduate Research Assistant</i> Advisor: Junho Ahn Research on 3D LiDAR-based perception for autonomous driving. RO:AD Club , Kyonggi University <i>Robot Operating & Autonomous Driving Club</i>	Dec 2025 - Aug 2026 Sep 2022 - Dec 2025 (Military Service: 2023 - 2024)	
HONORS & AWARDS	Service Award – SW Volunteer Corps Honorable Mention Kyonggi University Foundational Capstone Design Grand Prize , AI Hackathon Competition Excellent Paper Award (KAICTS) Honorable Mention Kyonggi University SW Imagination Company	2026 2026 2025 2025 2022	
CERTIFICATES	K-Mobility Forum Supporters LG Aimers 7th Cohort – Data Intelligence Track, LG AI Research Certified Software Test Specialist (CSTS) – Foundation Level	2025 2025 2025	

INTERNATIONAL EXPERIENCE	Secure Coding Development Project , Singapore <i>2nd Place(Mini Hackathon)</i> Advisor: Kiky SHANNON	Aug 2026
VOLUNTEER EXPERIENCE	SW Volunteer Corps , Kyonggi University <i>Mentor & Team Leader</i> Taught basic programming and AI to local primary and secondary school students.	Mar 2025 - Parent
SKILLS	Programming: Python, C++, PyTorch Simulation & Platforms: CARLA, VTD, ROS2, Autoware, F1TENTH Languages: Korean (native), English (fluent)	
LANGUAGE	English: OPIc – Intermediate Mid 3 (IM3)	May 2026
